

TITLE I SERVICES

Columbus Arts & Technology Academy is a schoolwide Title I funded school. Students can qualify for Title I services after academic performance data is analyzed. Title I services are put in place to provide support to students who struggle academically and need additional academic services to improve overall performance in Math and Reading. A quarterly data analysis is completed by administration and Title I staff to provide proper support to meet the academic needs of each student that qualifies. Students who receive Title I services are given opportunities to test out of the services if appropriate growth is recorded.

TESTING

Students at CATA are assessed on a weekly basis throughout the school year. Our teachers collect data on each student and use the data to meet the academic needs for every individual in all subjects. Assessment tools include NWEA MAP Testing, teacher generated tests and State Mandated Tests. The data is monitored closely from week to week in order to provide appropriate instruction and support to all students.
