

At CATA, we provide students and parents with online college and career planning resources and also embed career guidance through our CBI and CTE programs. The planning tool we use is Naviance, and career supports are available through the OhioMeansJobs website.

Naviance Overview

Naviance is the leading college, career, and life readiness (CCLR) platform that enables students to discover their strengths and interests, build critical life readiness skills, create actionable goals and find their best fit path after high school.

The Naviance CCLR framework is a blueprint to prepare students in middle and high school students for success after graduation.

The framework:

- Outlines six competencies, including themes and objectives.
- Lists grade-specific activities aligned with the grade-specific objectives.
- Provides guidance on key metrics to track for each competency.

CATA students in grades 7-9 receive Naviance support in their CBI classes, and students in grades 10-12 have Naviance support built into their CTE courses.

The Naviance website for 7-12 can be found here:

Ohio Means Jobs

Ohio's no-cost, career planning system offers comprehensive, career exploration tools, online training and resources specifically for students, teachers and school counselors. [OhioMeansJobs.com](#) allows students to learn more about their career interests and in-demand jobs, build résumés, search for college and training programs, create a budget based on future expenses, and develop meaningful academic and career plans for high school and beyond.

The "OhioMeansJobs" website for K-12 can be found here:
